COMPEREHENSIVE FACILITY MANAGEMENT SOLUTIONS

When we take over facility management of your site, we aim to provide 360 degrees of comprehensive solutions, so you don't have to bother dealing with multiple vendors, and can rest assured that there is one agency spearheading and overseeing all requirements and parameters to ensure nothing is missed.....

Delivering a single window IFM concept across verticals

DELIVERING PERFECTION IN SERVICE STANDARDS ACROSS INDUSTRIES

In today's competitive world, we realise the only commitment that works, is to deliver the absolute best. As service providers, that has been our endeavour from our very first day. And after 2 years in this business, it has grown from just a tagline, to being something at the very core of our DNA. As a testament to that, we have gotten certifications, such as the ISO 9001:2015 Quality Management Systems Certification. We have provided state of the art equipments at all the sites where we operate, and ensured that our workers are thoroughly trained in the use of these equipments- which is why we have an impeccable safety record of less than 0.2 incidents per million (10 lak) working hours at our sites, We also ensure we are 100% compliant and up to date with the various government statutory requirements, to ensure that is not something you have to every worry about.

COMPANY PROFILE

WHO WE ARE

Infinity Protective Security Services is a fast growing professionally managed leading Services Provider, providing a broad range of people and support services across the country, through bespoke offerings. IPSS trained professionals guard human and capital assets of customers of different sectors such as corporate, manufacturing, hospitality, retail, infrastructure, e-commerce, and residential, among others.

What separates us from the others is our relentless commitment to constantly deliver world class solutions. While others talk, we listen; we ask questions, we understand your risks and work together with you to control and seamlessly mitigate any potential loss to revenue, profitability and damage to brand.

The key to our success is our understanding of our customers and their business. We, then help our customers to assess current and future risks correctly, delivering total security solutions that are tailored specifically for your needs.

Our expertise is our differentiator. Our company is guided in all aspects by our Advisory Board which comprises former Directors General of Police, Secretaries to the Government of India and decorated officers of the Indian Army. Our facility/security experts have decades of experience in planning and implementing excellent security procedures and protocols to secure some of the most critical infrastructure and highly threatened individuals of the country.
